

TCM Forklift Part

TCM Forklift Part - Forklift trucks are a major player in the material handling field of every global trade. Transporting industrial goods happens every day on our busy world. Primarily innovated as industrial vehicles during the 1930s in the U.S., forklifts gained popularity after World War II in the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these equipment spread globally.

Initially established as Toyo Carrier Manufacturing Company Limited, in 1949, the company was later renamed Toyo Umpanki Co. prior to becoming recognized as the TCM Corporation. Founded by Mr. N. Niwa manufactured Japan's first lift truck. Through the years, TCM forklifts have become a worldwide leader in forklift manufacturing and have built a solid reputation in the trade. TCM began building forklift manufacturing sites outside of Japan during the 1980s and is currently engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

With over fifty years of accumulated technology and expertise, TCM has been proudly making numerous models of industrial lift trucks, making their models recognizable all over the globe. With a strong and energetic staff, TCM has been able to constantly work towards becoming a future leading material handling business.
